LIGHT INSTALLATIONS BY CLERESTORY

- A **City of the Dead**
The Cemetery is a city within a city.
A community shared by the living and the dead alike.
- B **Ground Cycles**
In the ground, we become part of the earth. Within the earth is transformation, regrowth, reincarnation.
- C **Passage**
A journey continues, a river between life and after.
- D **Rise, Fall**
Life is breath, bodies lifted high.
Death higher still—and a cycle of presence and absence.
- E **The Whispers**
In the stillness, perhaps discern a whisper. What would you hear?
What would you say?
- F **Myth and Shadow**
Myths and Legends leave long shadows: fear and hope.
